

Ph.D. Scholarships
Powered by IVAEN Education Foundation

The **IVAEN Education Foundation** supports outstanding doctoral candidates who demonstrate academic excellence, strong research potential, and a commitment to leadership, innovation, and global impact. These competitive scholarships are available for candidates pursuing a **PhD online program** and are awarded based on a thorough review of academic and professional credentials, research objectives, and alignment with the institution's vision.

1. Research Excellence Scholarship – Up to 50% of tuition fees. Only 2 available

Overview:

For candidates with an outstanding academic record and a clear, well-structured research proposal aligned with faculty expertise and institutional research priorities.

Requirements:

- Master's degree with distinction or equivalent.
- Academic CV (including publications, conference presentations, or projects).

Essay Prompt (up to 800 words)

Suggested Title: "Why This Research Matters"

Explain the relevance of your research, its potential impact, and why you are the right person to lead it.

2. Global Impact & Innovation Scholarship – Up to 35% of tuition fees

Overview:

For candidates whose work focuses on solving global challenges, applying innovation to social or environmental problems, or promoting sustainable development through research and practical application.

Requirements:

- Research proposal or doctoral project summary focused on innovation, sustainability, or social transformation.
- Professional CV including relevant experience (e.g., NGOs, startups, international work).
- Motivation letter (600–800 words) linking your doctoral research to global needs or innovation goals.
- One academic and one professional letter of recommendation.

Essay Prompt: (up to 800 words)

Suggested Title: "My Research as a Tool for Global Change"

Describe how your doctoral project can generate real-world solutions, and how you plan to scale its impact.

General Scholarship Conditions
